

SOME NEWLY REVEALED MIRACLES OF QURAN

Some very interesting findings of Dr. Tariq Al Swaidan:

Dr. Tariq Al Swaidan discovered some verses in the Holy Qur'an that mention one thing is equal to another, i.e. men are equal to women. Although this makes sense grammatically, the astonishing fact is that the number of times the word man appears in the Qur'an is 24 and the number of times the word woman appears is also 24, therefore not only is this phrase correct in the grammatical sense but also true mathematically, i.e. $24 = 24$.

Upon further analysis of various verses, he discovered that this is consistent throughout the whole Qur'an, where it says one thing is like another. See below for astonishing result of the words mentioned number of times in Arabic Qur'an:

Dunia (one name for life) 115. Aakhirat (one name for the life after this world) 115

Malaika (Angels) 88 . Shayteen (Satan) 88

Life 145 Death 145

Benefit 50 . Corrupt 50

People 50 . Messengers 50

Eblees (king of devils) 11 . Seek refuge from Eblees 11

Museebah (calamity) 75 . Thanks 75

Hardship 114 Patience 114

Muhammed 4 . Sharee'ah (Muhammed's teachings) 4

Man 24. Woman 24

And amazingly enough have a look how many times the following words appear:

Salat 5,

Month 12,

Day 365,

Sea 32, Land 13

Sea + land = $32+13= 45$

Sea = $32/45*100=71.111111111\%$

Land = $13/45*100 = 28.88888889\%$

Sea + land = 100.00%

Modern science has only recently proven that the water covers 71.111% of the earth, while the land covers 28.889%.

Is this a coincidence?

Question is: Who taught Prophet Muhammed (PBUH) all this?

Reply automatically comes in mind that ALMIGHTY ALLAH taught him this. The Qur'an also tells us this. Please pass this on to all your friend and Muslims you know.

Aayah 87 of Suraa (Chapter) Al-Anbia \ para 17:

LA ILAHA ILA ANTA SUBHANAKA INI KUNTU MINA ZALIMEEN.
